Hello friends and fellow keepers!

Honey Gifts for the Holidays

Christmas is coming and Deez has a wonderful product line for those special people on your gift-list. Did you that know that in ancient times, honey was considered a precious commodity and was often used as a form of currency? Today, honey is still seen as a symbol of abundance and generosity. Giving honey as a gift is a way to show someone how much you value their friendship and wish them well. We thank you for supporting our small business and wish you and yours a peaceful holiday season that is filled with all the sweetest things.

Honey: Our 1-pound squeeze bottle makes a great gift for your tea lovers, coffee drinkers, bakers, and anyone who suffers from seasonal allergies. We also carry a 4oz glass jar with a dipper and a cute little 2oz Baby Bear that make great stocking stuffers.

Creamed/Whipped Honey: This is small batched, artisanal, all-natural 100% honey. Honey typically crystallizes over time, but we sped up the process and created a shelf stable solid honey that is spreadable and doesn't drip. Perfect for everything you'd eat with honey.

Products from the Hive: We sell a variety of hand-made products using the bees wax from our hives. Because wax is the hive's most precious commodity, nothing goes to waste. You will enjoy our lip balms, body butters, and cuticle salves. Plus, we offer a pet-friendly paw butter that soothes dry noses and toes. Makes for easy grab-and-go stocking stuffers.

Air Fresheners: Not only does honey taste good, but we've found a way to bottle its unique and sweet scent using essential oils. We offer three varieties, Sweet Nectar, Honey Lavender, and Heavenly Honey. Each bottle produces about 500 sprays and is lovely for any space.

Trio/Quad Gift Bags & Hand-Painted Gift Boxes: Handmade items for those special and hard to buy for people....teachers, coworkers, mail carrier, hairdressers, etc. THE perfect last minute gift to have on-hand.
