

What's the Buzz?

with DeeZ L'Town Beez

Hello friends and fellow keepers!

We Bee Classy

Soap Making Fun

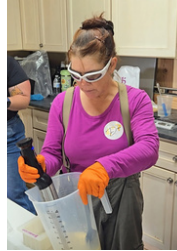

We had an excellent Beginner Soap Making Class, and it was so much fun watching everyone create their very first batches of cold process soap!

The class filled up in just two days, and we quickly started hearing from people who wanted to join but missed out. Because of the interest, we've scheduled another Beginner Soap Making Class!

The new beginner class is now available on our website and will be held on the same day as our Intermediate Soap Making Class. This gives our new soap makers a chance to learn the basics while our returning soap makers continue building their skills.

Whether you're brand new to soap making or ready to take the next step, we'd love to have you join us for a fun day of learning, creating, and getting a little messy!

We're looking forward to more soapy adventures and can't wait to see you at the next class! Ready to make your own soap? Check out our upcoming classes on the [DeeZ L'town Beez website](#).

A Sweet Time at Our Mead Making Class

Our Mead Making Class was a fantastic day filled with learning, laughter, and a little bit of honey magic!

Participants got an inside look at the ancient art of making mead, from understanding the ingredients and the fermentation process to learning how honey, yeast, and time work together to create something truly special.

It was so much fun seeing everyone get hands-on and discover that mead making is both a science and an art (sound familiar, soap makers?). Just like beekeeping and soap making, there are a lot of details that go into creating a great finished product, but the process is incredibly rewarding. Everyone left with new knowledge, new skills, and hopefully a little inspiration to continue their mead-making journey at home.

A big cheers and thank you to everyone who joined us and made the class such a fun experience! We love sharing what we've learned and creating opportunities for our community to gather, learn, and enjoy the many amazing things that come from the hive.

[2026 Maryland State Fair](#) Begins August 27th

Product Preview

We're excited to give you a sneak peek at two new products coming soon to DeeZ L'town Beez!

The Weekender Kit

Whether you're heading out for a weekend getaway, packing for a camping trip, or simply want to try some of our customer favorites, our new Weekender Kit is the perfect companion. Each kit includes travel-sized essentials:

- Sample-size handmade soap (or a 2 oz. lip balm)
- Mini shampoo
- Mini conditioner

It's a great way to experience several of our handcrafted products before committing to full-size versions—and it makes a thoughtful gift, too

Trio Stack Sampler

Can't decide which bee product to try first? Now you won't have to! Our Trio Stack Sampler features three of our most popular hive products in perfectly sized samples:

- Raw Liquid Honey
- Whipped Honey
- Bee Pollen

It's a delicious way to compare flavors and textures, discover your favorite, or share a taste of the hive with family and friends.

Watch our website and social media for availability. We can't wait to share these new additions with you!
